

# Signature Whole Life Series

## Participating Whole Life

**Q: Is there a policy fee on the Signature Whole Life? If so, is the policy fee commissionable?**

A: There is a \$60 policy fee. Policies issued within Band 4 are not charged a Policy Fee. The policy fee is non-commissionable.

**Q: What are the rate bands on the Signature Whole Life?**

- A:
- Band 1 – \$10,000 - \$99,999
  - Band 2 – \$100,000 - \$250,000
  - Band 3 – \$250,001 - \$999,999
  - Band 4 – \$1,000,000 +

**Q: What are the issue ages?**

- A:
- 0-80 (non-nicotine)
  - 18-75 (nicotine)
- (Age Nearest)

**Q: When does the Signature Whole Life contract endow?**

A: The Signature Whole Life uses the 2017 CSO mortality tables. Using this mortality table, the Signature Whole Life endows at age 121. This means if the policy is in force at age 121 the face amount of the policy will be paid to the owner. Additionally, premium payments may be required up to age 121.

**Q: What dividend options are available on the Signature Whole Life?**

- A:
- **Cash:** The amount of any dividends is paid to the owner.
  - **Premium Reduction:** The amount of any dividends payable is applied as a credit to the next scheduled premium, thereby reducing the amount due. In the event the dividend is more than the scheduled premium, the excess will be applied to the secondary dividend option selected by the owner. If the owner does not elect a secondary dividend option, the default will be paid-up additions. This option is limited to policies on an annual direct billing schedule.
  - **Dividend Accumulation:** The amount of any dividends payable is left on deposit with the company and accumulates interest at the declared dividend accumulation interest rate. Interest is credited on each policy anniversary. The owner may request a withdrawal up to the total amount of accumulated dividends and any credited interest. The amount of dividends on deposit will be paid in addition to either the: (1) cash value (if the policy is fully surrendered), (2) death benefit (upon the insured's death), (3) face amount at policy maturity.
  - **Paid-Up Additions:** The amount of any dividends payable is used to purchase additional paid-up amounts of insurance. The additional paid-up amounts are payable in addition to the death benefit, upon a full surrender of the

# Signature Whole Life

policy in addition to the cash value, or at policy maturity. The owner may request a withdrawal (surrender) of the cash value of any paid-up additions purchased under this dividend option.

**Q: What riders are available?**

- A:
- Accelerated Benefit Riders
  - Disability Waiver of Premium
  - Children's Term Rider
  - Guaranteed Insurance Option Rider
  - Paid-up Additions Rider
  - Signature Term Rider

**Q: Explain the Accelerated Benefit Riders.**

A: These benefits will provide the potential to receive a discounted full or partial death benefit upon diagnosis of 1) terminal illness, 2) chronic illness, or 3) critical illness. There is no additional premium required for these benefits. However, the accelerated death benefit payment will be less than the amount of death benefit requested because it is reduced by an amount calculated based on American National's evaluation of the insured's future expected mortality at the time the benefit is exercised as well as an administrative fee of up to \$500 assessed when the benefits are elected. Outstanding policy loans will reduce the amount of the Accelerated Benefit Payment. All riders may not be available in all states. Please see Benefits and Rider Guide 10695 for complete details.

**Q: Explain the Disability Waiver of Premium Rider.**

A: The Disability Waiver of Premium rider will waive the scheduled premium due after "Total Disability" begins and while it continues. American National must receive sufficient proof to confirm that the insured is totally disabled and that "Total Disability" has existed for at least six consecutive months, before any premiums will be waived. This rider may not be issued on sub-standard cases rated above table 2. The issue ages for this rider are 0-55. The rider expires at age 60. This rider can not be combined with any other disability benefit. Please see Benefits and Rider Guide 10695 for complete details.

**Q: Explain the Children's Term Rider.**

A: The Children's Term rider provides level term insurance on each Insured Child to the Insured Child's 25th birthday, or the policy anniversary immediately following the Insured's 65th birthday, whichever occurs first. There is an additional cost for this Rider, determined by the number of units issued. The Rider minimum is one unit of \$1,000, with a maximum of twenty-five units (\$25,000) per family. The issue ages for an Insured Child are 15 days through 18 years, and for the Insured on the base policy age 18 – 55. The rider can be added at the time the policy is issued or after issue. Please see Benefits and Rider Guide 10695 for complete details.

**Q: Explain the Guaranteed Insurance Option Rider.**

A: The Guaranteed Insurance Option rider gives the Owner the right to obtain additional coverage without evidence of insurability, on future option dates. Additionally, coverage may be obtained without evidence of insurability on a spouse or child on Alternate Option Dates. Issue ages are 0-38. Minimum amount is \$10,000 and the maximum is \$50,000. There is

# Signature Whole Life

an additional cost for this Rider. This rider can only be applied for at the time of issue; it cannot be added after issue of the policy. Please see Riders and Benefits Guide 10695 for complete details.

## **Q: Explain the Paid-Up Additions Rider.**

A: Allows you to purchase paid-up participating whole life insurance as either:

- **Single Purchase Payment:** Under this option, a single purchase payment is made at the time of application. If the single purchase payment option is the only option selected, additional purchase payments are not permitted.
- **Scheduled Purchase Payments for a Specified Duration:** Under this option, Scheduled Purchase Payments are made for the specified amount and duration indicated at the time of application. The specified duration cannot extend beyond the Insured's attained age 85. The first Scheduled Purchase Payment is payable in addition to the Initial Premium for the Policy. Each subsequent Scheduled Purchase Payment is payable in addition to the premium for the policy. Payments can only be made at the same frequency as the premiums for the policy.

Please see Benefits and Rider Guide 10695 for complete details.

## **Q: Explain the ANICO Signature Term Rider:**

A: The ANICO Signature Term Rider allows you to purchase an amount of additional Term Insurance on the insured, a family member, or an associate so long as the owner has an insurable interest. The Rider can be added for an Annual Renewable Term or 10, 15, 20, or 30 years with a level cost of insurance charge after which the Rider coverage will terminate. The Rider has a minimum face amount of 25,000 and the maximum face amount cannot be more than four times the amount of the death benefit of the base policy. The issues ages are as follows:

Annual Renewable Term: 18-65  
10 Year Level Premium Term Period: 18-70  
15 Year Level Premium Term Period: 18-65  
20 Year Level Premium Term Period: 18-60  
30 Year Level Premium Term Period: 18-50

The Rider may be converted prior to the conversion expiry date to a permanent plan of insurance offered for conversion without proof of insurability. Please see Benefits and Rider Guide 10695 for complete details.

## **Q: What underwriting classes are available?**

A: Preferred Plus (non-nicotine)\*  
Preferred (non-nicotine & nicotine)\*  
Standard Plus (non-nicotine & nicotine)\*  
Standard (non-nicotine & nicotine)  
Substandard (tables 1-16 & flat extras)

\*These classes are not available for face amounts of \$250,000 or less for ages 0-65. Please see the Underwriting Guidelines (10182) for additional information.

# Signature Whole Life

**Q: Are the loans considered direct or non-direct recognition?**

A: At this time they are considered non-direct recognition.

**Q: Can a Signature Whole Life illustration be created to show a limited pay whole life quote?**

A: Signature Whole Life is a continuous pay whole life policy. It does have a reduced paid-up feature that can be used. The client must request in writing to use the reduced paid-up feature, it is not automatic. If the client wants to build more cash value in their policy so there will be more cash value in the policy when they switch to reduced paid-up they can add the Paid-Up Additions Rider to this policy.

**Q: Are increases or decreases permitted?**

A: Increases or decreases in the policy's face amount are not permitted.

**Q: Are partial surrenders permitted?**

A: No, partial surrenders are not permitted on Signature Whole Life.

## Accelerated Benefit Rider Notice:

Policy Form Series: ABR14-TM; ABR14-CH; ABR14-CT. **Forms will vary by state and may not be available in all states.** Refer to rider forms for a complete list of illnesses and definitions. Some states may limit the definition of terminal illness to conditions that are expected to result in death within 12 months. The riders are offered at no additional premium. However, the accelerated payment will be less than the requested death benefit because it will be reduced by an actuarial discount and an administrative fee of up to \$500. The amount of the reduction is primarily dependent on American National's determination of the insured's life expectancy at the time of election. Outstanding Policy Loans will reduce the amount of the benefit payment. The accelerated death benefit is an unrestricted cash payment. The Chronic and Terminal rider are intended to receive favorable tax treatment under 101(g) of the IRC. Receipt of a benefit could be a taxable event. You should consult a tax advisor regarding the tax status of any benefit paid under these riders. Receipt of Accelerated Benefits may affect your eligibility for Medicaid, supplemental security income, or other governmental benefits or entitlements. Before accelerating any benefit you should consult an advisor to determine the impact on your eligibility. Accelerated Benefit Riders are not replacements for Long Term Care Insurance. **This is a life insurance benefit that also gives you the option to accelerate some or all of the death benefit in the event that you meet the criteria for a qualifying event described in the policy. This policy or certificate does not provide long-term care insurance subject to California long-term care insurance law. The policy or certificate is not a California Partnership for Long-Term Care program policy. This policy or certificate is not a Medicare supplement policy.** Accelerated benefit riders ("ABR") and long-term care insurance ("LTCI") provide different types of benefits. An ABR allows the insured to access a portion of the life insurance policy's death benefit while living and may be used for any purpose. LTCI provides reimbursement for necessary care received due to a prolonged illness or disability. Coverage may include reimbursement for the cost of a nursing home, assisted living, home health care, homemaker services, adult day care, hospice services or respite care for the primary caretaker. The benefits may be conditioned on certain requirements or meeting an elimination period or limited by type of service, the number of days or a maximum dollar limit. Benefits under some ABRs and all LTCI are conditioned upon the insured not being able to perform two or more of the activities of daily living or being cognitively impaired. California: See form 10741-CM for a more detailed comparison of benefits provided by an ABR and LTCI.
