- 14 **DETAILED LOOK:**
Life insurance with BAR vs. hybrid life products
(Products that offer both life insurance and long-term care benefits)

Many prominent carriers offer products that provide death benefit and chronic illness care protection. Which product or carrier is appropriate for a client depends on a variety of factors. Use the accompanying charts to help you evaluate the differences and similarities between these products.

BENEFITACCESS RIDER (BAR) HIGHLIGHTS

Pays for the Condition, Not the Care – 80% of people who are chronically ill stay in their private home.* With BenefitAccess, there is no requirement to receive professional care in order to be eligible for benefits. Clients have the flexibility to use their funds the way they'd like. Even if they want to stay home and be cared for by a loved one.

Double Duty Dollars – Life insurance with BenefitAccess offers clients multiple benefits in one policy—100%** of the policy's death benefit will be paid out, either as a living benefit or as a death benefit.

Prepare Now, Plan Later – A person who is healthy today does not know what type of care he or she will specifically want or need for a chronic illness event that might occur many years in the future. Clients have full flexibility to use BAR proceeds in a way that best suits their needs during a chronic illness. There is no specific list of covered services for benefit eligibility. BenefitAccess provides clients with the flexibility to make those critical decisions later, when it matters most.

Lifetime Benefit Can Grow*** – The total amount available for acceleration with BenefitAccess can grow as the policy's death benefit grows:

- If the policy hits corridor on a policy with Option A Death Benefit;
- If the policy's contract fund grows on a policy with Option B Death Benefit; or
- If a policy has Option C Death Benefit, the BAR Benefit will equal the basic insurance amount plus premiums.

Competitive Cost – BenefitAccess can be a cost-effective way for clients to have added protection against a chronic or terminal illness event when they purchase permanent life insurance. The cost of the rider is generally 5% – 25% of the life insurance premium (depending on age, gender, underwriting class, and monthly benefit option selected).

Choice of Monthly Payout Options – BenefitAccess offers clients a choice of maximum monthly benefit options—2% or 4% of the death benefit at the time of claim.

Potential for Easier Access to Benefits – With BenefitAccess, it is possible for clients to begin receiving benefit payments as soon as their claim is approved, without having to satisfy a waiting or elimination period. Terms and conditions apply.

* Hagen S, et al. Rising demand for longterm services and supports for elderly people. Congressional Budget Office. June 26, 2013, p.13.

** For terminal illness claims, the accelerated death benefit payment is reduced by a discount factor and a one-time processing fee applies.

*** The maximum monthly amount is subject to IRS limits. Availability of death benefit options varies by product type.

¹Family Care means that the insured does not need to receive professional, qualified LTC services to be eligible for benefits, and there are no restrictions if a family member is the caregiver.

²With Prudential, while on chronic illness claim, the policy is protected from lapse, through waiver of policy and rider charges. If the chronic illness claim continues for 25+ months, the policy is permanently protected from lapse, even if the client later comes off claim. If the client comes off claim within 25 months of initially going on claim they may need to make additional premium payments to keep the policy from lapsing.

³A home health care service agency with a valid certificate of approval must be the primary caregiver monitoring care on a regular basis. However, excess benefits may be used to pay a family member to provide supplemental care.

⁴Terminal illness benefits available through another rider the carrier has available.

⁵For those individuals certified as chronically ill and not expected to recover, benefit payments begin promptly after the claim is approved, with no elimination or waiting period. For those certified as chronically ill and expected to recover, a 90-calendar-day elimination period must be satisfied and benefit payments begin promptly after elimination period is satisfied.

⁶If the insured is certified as chronically ill for three consecutive Benefit Periods, the monthly deductions will be waived for as long as the policy is in force.

LIFE INSURANCE WITH BENEFITACCESS RIDER: A COMPETITIVE COMPARISON

LIFE INSURANCE WITH BENEFITACCESS VS. LIFE INSURANCE WITH OPTIONAL CHRONIC ILLNESS AND/OR TERMINAL ILLNESS RIDER – Part 2 (continued)

	Prudential	Penn Mutual	Protective	Transamerica		American General	AXA
Eligibility	Certified by a licensed health care practitioner as: 1. being unable to perform (without substantial assistance from another individual) at least 2 of 6 Activities of Daily Living (ADL) for a period of at least 90 days due to a loss of functional capacity,* or 2. requiring substantial supervision for protection from threats to health and safety due to severe cognitive impairment.	Must receive written certification from a licensed health care practitioner that the insured has a chronic illness. The licensed health care practitioner must also certify that continuous care in an eligible facility or at home is expected to be required for the remainder of the insured's life when the insured has a chronic illness. Chronic illness means that the insured has been certified by a licensed health care practitioner within the last 12 months as: (1) being unable to perform at least two Activities of Daily Living without substantial assistance from another person due to a loss of functional capacity for a period of at least 90 consecutive days; or (2) requiring substantial supervision by another person for a period of at least 90 consecutive days to protect the insured from threats to health and safety due to severe cognitive impairment.	Insured must be certified by a licensed health care practitioner within the past 12 months as chronically ill—defined as either unable to perform at least two Activities of Daily Living without substantial assistance for at least equal to the Elimination Period (90 days), or requiring substantial supervision for protection from health and safety threats due to severe cognitive impairment. An individual must be certified as being chronically ill for at least 12 months.	Subject to the insured (1) being certified by a licensed health care practitioner as being chronically ill as defined in the rider (being unable to perform, without substantial assistance from another individual, at least 2 out of the 6 Activities of Daily Living (ADLs) for an expected period of at least 90 days due to a loss of functional capacity; or requiring substantial supervision to protect the insured from threats to health and safety due to severe cognitive impairment); (2) receiving qualified long-term care services covered under the rider and specified in a plan of care; (3) having an approved current plan of care and written proof of loss.	Certification by a licensed health care practitioner as being chronically ill within 12 months of the Accelerated Death Benefit request. Chronically ill is defined as the Insured being 1) unable to perform, without Substantial Assistance from another person for a period of at least 90 days, at least 2 out of 6 Activities of Daily Living (ADL); or 2) requires Substantial Supervision by another person, for a period of at least 90 consecutive days, to protect the Insured from threats to health and safety due to Severe Cognitive Impairment.	Certification by a licensed health care practitioner that the insured is chronically ill and is unable to perform, without substantial assistance from another person, at least two Activities of Daily Living for a period of at least 90 consecutive days due to a loss of functional capacity; or requiring substantial supervision to protect the insured from threats to health and safety due to severe cognitive impairment.	Insured must be certified by a licensed health care practitioner as being chronically ill as defined in the rider (1) being unable to perform without substantial assistance from another person at least two Activities of Daily Living such as bathing, continence, dressing, eating, toileting, and transferring, due to a loss of functional capacity for a period of at least 90 days; or (2) requiring substantial supervision to protect such individual from threats to health and safety due to cognitive impairment); be receiving qualified long-term care services pursuant to a plan of care prescribed by the practitioner; and provide proof of loss.
Issue Ages	20 – 80	20 – 85	20 – 80	18 – 75	18 – 75	18 – 80	20 – 75
Benefit Payment Options	Monthly, annual lump sum, or one-time lump sum. Annual lump sum is calculated with a discount factor, resulting in a lower net benefit. One-time lump sum is only available for terminal illness claims (in all states) and is calculated with a discount factor, resulting in a lower net benefit.	Indemnity <i>(Available in systematic monthly, quarterly, semi-annual, or annual periodic payments)</i>	Monthly indemnity, or annual lump sum	Monthly indemnity	Annual lump sum	Monthly indemnity, or lump sum	Monthly indemnity <i>(Lesser of 1%, 2%, or 3% of specified benefit amount or 200% (100% in NY) of HIPAA per diem limit times 30)</i>

*In NY and CA, the insured must be certified as having a chronic illness that is expected to last the rest of their life.

International Benefits	YES <i>(Certification and recertification must occur in the U.S. by a licensed health care practitioner)</i>	Limited to the available maximum monthly benefit if the insured is confined to a nursing home or assisted living facility outside of the U.S. Requires proof in writing of confinement outside of the U.S. and that the insured has met all of the benefit conditions of the rider (must be furnished in English). Reserves the right to verify monthly satisfaction of eligibility requirements.	The insured must meet the qualification conditions above (documentation required in English). Covers nursing home care only Paid as cash benefit equal to the monthly maximum benefit amount No other benefit is payable during a policy month in which the insured receives the international benefit A maximum benefit limit applies and this benefit may not be available beyond the policy's first 2 years of reimbursing long-term care benefits.	World Wide Coverage pays for eligible LTC expenses (if qualified) anywhere in the world up to a lifetime maximum of 3 times the Monthly Benefit (does not apply when the Insured is receiving benefits under the Informal Care Benefit provision). Must meet the same eligibility requirements as domestic claims.	50% of the current maximum monthly benefit (available on both the initial LTC benefit and extension of LTC benefits). Up to 100% of the base benefit pool and the extension of benefits is available for acceleration. The Insured need not return to the U.S. for certification provided the health care practitioner conducting the certification is U.S. licensed.	100% of the maximum monthly benefit amount from the LTC Acceleration Rider and 100% of any LTC Inflation Protection Rider benefit while benefits are paid under the LTC Acceleration Rider. This is available while the insured is living outside of the U.S.; no international benefits are available under the LTC Extension of Benefits Rider or any LTC Inflation Protection Rider benefit associated with it. • The maximum lifetime benefit available is not reduced, but it will extend the period that the maximum lifetime benefit could be paid out.	None

COMPARISON

LIFE INSURANCE WITH BENEFITACCESS RIDER: A COMPETITIVE COMPARISON

This information was obtained from each company's respective rider contract, as of March 2019. Although we believe it to be accurate as of the time of this printing, we cannot guarantee the accuracy.

The BenefitAccess Rider is an optional rider that accelerates the life insurance death benefit when the insured is terminally ill or is chronically ill as defined in the rider. It is not Long-Term Care (LTC) insurance. Benefits received under the rider will reduce and may deplete the death benefit. Electing the BenefitAccess Rider results in an additional charge and underwriting requirements. Some benefit payments may be subject to a fee. Other terms and conditions apply and can vary by state. Clients should consult their tax and legal advisors.

For New York contracts: Please also note the rider is not subject to the minimum requirements of New York law, does not qualify for the New York State Long-Term Partnership Program, and is not a Medicare supplement policy. In addition, receiving accelerated death benefits may affect clients' eligibility for public assistance programs and such benefits may be taxable. Benefit payments may only be made if the payments are subject to favorable tax treatment by the federal government. When determining whether the benefit payments will receive favorable tax treatment, the payment of benefits from all insurance policies must be considered. Benefit payments may be reduced or unavailable if they are expected to exceed the maximum amount eligible under Internal Revenue Code Section 101(g)(1) and all other applicable sections of federal law for favorable tax treatment.

The Survivorship BenefitAccess Rider is an optional rider that accelerates the life insurance death benefit when the surviving insured is chronically or terminally ill as defined in the rider or both insureds are chronically or terminally ill as defined in the rider. It is not Long-Term Care (LTC) insurance. Benefits received under the rider will reduce and may deplete the death benefit. Electing the BenefitAccess Rider results in an additional charge and underwriting requirements. Some benefit payments may be subject to a fee. Other terms and conditions apply and can vary by state. If your clients' survivorship policy is owned by a trust or non-living entity, they should consult a tax advisor prior to electing the Survivorship BenefitAccess Rider. Clients should always consult their tax and legal advisors when considering the purchase of a life insurance policy and/or accelerated death benefit rider.

PruLife Founders Plus UL, PruLife Universal Protector, VUL Protector, PruLife Index Advantage UL, PruLife Custom Premier II, and PruLife Essential UL are issued by Pruco Life Insurance Company except in New York, where, if available, they are issued by Pruco Life Insurance Company of New Jersey. VUL Protector and PruLife Custom Premier II are offered through Pruco Securities LLC (member SIPC). All are Prudential Financial companies located in Newark, NJ, and each is solely responsible for its own financial condition and contractual obligations.

Clients should consider the investment objectives, risks, and charges and expenses carefully before investing in the contract and/or underlying portfolios. The prospectus and, if available, the summary prospectus contain this information as well as other important information. A copy of the prospectus(es) may be obtained from prudential.com. Clients should read the prospectus carefully before investing.
